### IMPORTANT NOTICE

In the event that we need to contact you about your Toyota, please notify us if there is any change to name, address or ownership. Contact the Toyota Guest Experience Centre on Freecall **1800 869 682** or visit the Toyota Owner's Portal: **[www.toyota.com.au/mytoyota](http://www.toyota.com.au/mytoyota)** to update the ownership information of your vehicle.

## A Great Service, Even Better Value

With Toyota Service Advantage (TSA) you're always in safe hands knowing in advance what your service costs will be. You can rest easy because your vehicle will be serviced by Toyota Trained Technicians who know your car inside out and use the most advanced diagnostic equipment along with Toyota Genuine Parts which come with a 12 month warranty\*.

**Call 1800 Toyota (869 682) for your nearest Toyota Dealer or visit [toyota.com.au](http://toyota.com.au)**

Toyota Service Advantage makes owning a Toyota so much easier because you pay the same low price from one logbook service to the next. So rather than receiving unwelcome surprises, you know in advance what your servicing costs will be for the period of TSA coverage#.

To confirm your vehicle's eligibility for Toyota Service Advantage visit **[toyota.com.au/advantage](http://toyota.com.au/advantage)**. You will be able to confirm your vehicle's capped price service costs and the number of services covered. Please keep in mind that each Toyota Service Advantage service has a time / km limit for its redemption.

\* All Toyota Genuine Parts carry a 12 month Toyota Warranty. Conditions apply. The Toyota Genuine Parts Warranty does not limit and may not necessarily exceed your rights under the Competition and Consumer Act 2010.

# Maximum payable for standard scheduled servicing (normal operating conditions) for the period of TSA coverage. Excludes Government and Rental vehicles. Contact your Toyota Dealer or go to [toyota.com.au/advantage](http://toyota.com.au/advantage) for other exclusions and eligibility.

# Change of Ownership Information

If your name or address has changed or you are the new owner of this Toyota, please contact the Toyota Guest Experience Centre on Freecall **1800 869 682** or visit the Toyota Owner's Portal: **[www.toyota.com.au/mytoyota](http://www.toyota.com.au/mytoyota)** to update the ownership information of your vehicle.

This will allow Toyota to make a record of your ownership of the vehicle, and to contact you with any important product or safety updates concerning your vehicle.

Toyota may provide your details to a mailing house for the purposes set out above. Please see the Privacy Statement at the front of this book for further information about Toyota and privacy.

- Scan this QR code\* with your smartphone or tablet to visit the Toyota Owner's Portal

## Bluetooth® Compatibility Guide

To find which phones are compatible with your vehicle and confirm their functionality, visit the Toyota Repair Information Website and view the Bluetooth® Compatibility guide: **<https://toyotamanuals.com.au/bluetoothguide>**

Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc.

**Please note:** The list of phones displayed is based on the top 45 selling phones in a calendar year within the Australian market. If your mobile phone is not included in this list, it does not mean that your phone is not Bluetooth® compatible with your Toyota. It just means that testing has not been conducted on mobile phones that are not listed on the site.

# IN VITATION

## COMPLIMENTARY VEHICLE INSPECTION

In keeping with Toyota's commitment to Customer Care, your Toyota Dealer will be pleased to offer you a Complimentary Vehicle Inspection within one (1) month of the delivery date of your new vehicle.

As well as carrying out a general inspection of your vehicle, your dealer will be pleased to respond to any queries you may have. This additional inspection opportunity is provided to make sure you are comfortable and familiar with your new Toyota.

This Complimentary Inspection offer expires one (1) month after the delivery date of your new vehicle.

**BOOK NOW AT YOUR LOCAL TOYOTA AUTHORISED SERVICE CENTRE**

Note: Engine Oil and Oil Filter replacement is not required at this inspection.

## Important Notice

### Important Notice

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

No Toyota Warranty and nothing in this Warranty and Service Book limits the consumer guarantees under the Australian Consumer Law in any way. In some circumstances your rights under those guarantees may be greater than your rights under the applicable Toyota Warranty, in which case Toyota will always honour your rights under the guarantees.

### Toyota and Privacy

Toyota is committed to protecting your privacy and is required to comply with the Australian Privacy Principles in the Privacy Act 1988 (Cth) when it collects and handles your personal information. This includes providing you with the right to access and correct your personal information (subject to some exceptions allowed by law).

For further information about Toyota and privacy, please see the Toyota Privacy Policy, available at [www.toyota.com.au](http://www.toyota.com.au). You can also contact us by calling 1800 Toyota (869 682), or by sending your query to:

Toyota Privacy Contact

### Disclaimer

All information in this book is current at the time of printing. However, because of Toyota's policy of continual improvement, we reserve the right to make changes at any time without notice. All rights reserved. To the extent permitted by law, Toyota Australia will not be liable for any damage, loss or expense incurred as a result of reliance upon the information contained in this book. This material may not be reproduced or copied, in part or whole, without the written permission of Toyota Motor Corporation Australia Limited.

This book explains the warranty and service of all factory installed equipment and options. Due to specification differences among models, you may find that some information may not be applicable to your vehicle. If you have any questions or concerns, please contact your Toyota Authorised Service Centre, they'll be glad to help you.

**Congratulations on purchasing your new Toyota.**

No matter whether this is your first Toyota or you have previously owned a Toyota, you're sure to appreciate the safety, economy and superb engineering of your new vehicle.

In this Warranty and Service Book you'll find all the information you need to ensure your vehicle is maintained in the best possible condition. You'll also find an explanation of everything covered by your comprehensive 3 year/100,000 kilometre Toyota New Vehicle Warranty\*.

This Warranty and Service Book is also your vehicle's service record.

Nothing helps the resale value of your vehicle like a complete service history from your Toyota Authorised Service Centre. It demonstrates to any potential buyer that you've taken care of the vehicle, making it an invaluable asset for negotiating the best possible resale price. We suggest you keep this book in the glove compartment of your vehicle so your Toyota Authorised Service Centre can easily stamp it at every service.

Please take the time to read this Warranty and Service Book and, if you have any questions, contact your Toyota Authorised Service Centre. Happy motoring and thank you for choosing Toyota.

\* *Toyota warranties do not limit and may not necessarily exceed your rights under the Competition and Consumer Act 2010.*

# Toyota Authorised Service Centres

## Locating your nearest Toyota Authorised Service Centre

To locate your nearest Toyota Authorised Service Centre, you can:

1. Call the Toyota Guest Experience Centre on Freecall  
**1800 869 682**  
and follow the prompts.

Or

2. Use the Dealer Locator tool in the "Contact Us" link on the Toyota Website:

**[www.toyota.com.au/car-dealers](http://www.toyota.com.au/car-dealers)**

Or

3. Scan the QR Code\* below with your smartphone or tablet to view the Dealer Locator Tool:

# Toyota Authorised Service Centres

## Designed For the Health of Your Toyota

Your Toyota Authorised Service Centre plays an integral role in the enjoyment of your new Toyota. Here you'll find all the expertise you could hope for to ensure your vehicle remains in excellent condition and to assist in years of trouble-free motoring. Your Service Centre can also help with repairs, products such as tyres, Toyota Genuine lubricants, fluids and batteries and, of course, Toyota Genuine Accessories.

Better still, you can use any Toyota Authorised Service Centre in Australia which means that with over 290 Centres Australia-wide, you're never far from a helping hand. If you have any questions don't hesitate to contact any one of them.

## Nobody Knows Your Toyota Like Toyota

Toyota Trained Technicians work on Toyotas day in and day out. They also use highly advanced diagnostic equipment and specialised tools and receive ongoing training and regular updates from Toyota to ensure they can keep your Toyota at its very best.

Naturally, your Toyota Authorised Service Centre also only uses Toyota Genuine Parts that are manufactured to Toyota's exacting standards and come with a 12 month warranty\*.

## Yet Another Helping Hand - Toyota Guest Experience Centre

Should you ever need further assistance, call the Toyota Guest Experience Centre. Our Advisors can help you with information on our products, Toyota Authorised Service Centres, the maintenance of your vehicle and any other questions you may have.

Freecall 1800 Toyota (869 682)

If you'd prefer to write, our address is:

Toyota Guest Experience Centre

G.P.O. Box 2006S

Melbourne, VIC 3001

or

**[www.toyota.com.au](http://www.toyota.com.au)**

Please include your vehicle's details, which you'll find inside the front cover of this book.

\* *All Toyota Genuine Parts carry a 12 month Toyota Warranty. Conditions apply. The Toyota Genuine Parts Warranty does not limit and may not necessarily exceed your rights under the Competition and Consumer Act 2010.*

# Toyota Genuine Parts and Accessories

## Fit Better, Work Better, Look Better

In order for you to make the most of your vehicle, Toyota Genuine Parts and Accessories are manufactured to Toyota's rigorous standards. This means they fit and perform at their best while helping you keep your Toyota 100% Toyota. To ensure you get things when you need things, your Toyota Authorised Service Centre is electronically linked to every parts distribution centre around Australia.

### PROTECT YOUR WARRANTY

In order to help you protect both yourself and your Toyota, non-genuine parts are not covered by your Toyota new vehicle warranty. In fact, if a non-genuine part is fitted to your vehicle, and that item causes any damage, the damage will not be covered by your Toyota New Vehicle Warranty.

Toyota does not approve of the fitment of non-genuine performance enhancing products such as power chips, forced induction products, suspension components, etc. as these products typically impart forces / loads greater than the original design intent and may compromise the vehicles longevity and durability.

By having your Toyota maintained at a Toyota Authorised Service Centre, you'll be in safe hands knowing that your vehicle is being serviced by experts and will always be fitted with Toyota Genuine Parts. Doing so keeps your Toyota, and your warranty, in the very best condition.

## Toyota Genuine Accessories

Whether it's to protect or personalise your new Toyota, we offer a range of Toyota Genuine Accessories\* and since they're designed, tested and manufactured to strict Toyota standards they offer the best possible performance and real peace of mind.

*\* All Toyota Genuine Accessories purchased and fitted to a Toyota are warranted for the remainder of the New Vehicle Warranty or 12 months, whichever is greater. Toyota Genuine Accessories purchased from an authorised Toyota Dealer over the counter are warranted from the date of purchase for one year. Conditions apply.*

*The Toyota Genuine Accessories Warranty does not limit and may not necessarily exceed your rights under the Competition and Consumer Act 2010.*

## Your Responsibilities

You must operate, maintain and care for your Toyota properly, in accordance with the instructions in this book and your vehicle's Owner's Manual. The best way to maintain your vehicle is through a Toyota Authorised Service Centre.

If your name or address has changed or you are the new owner of this Toyota, please contact the Toyota Guest Experience Centre on Freecall **1800 869 682** or visit the Toyota Owner's Portal: **www.toyota.com.au/mytoyota** to update the ownership information of your vehicle.

If for some reason the odometer is changed, please have your Toyota Authorised Service Centre verify the date of the change and kilometres travelled on the form located at the back of this book.

## Warranty Period - 3 years or 100,000 kilometres\*, whichever occurs first

The Toyota New Vehicle Warranty applies to all new Toyota vehicles sold in Australia. The Warranty Period is 3 years or 100,000 kilometres, whichever occurs first. The actual commencement date of the warranty is shown on the New Vehicle Information Statement on the inside front cover of this book. This will be the date the vehicle is either (A) delivered to its first owner, or (B) put into service by Toyota or a Toyota Dealer as a company or demonstrator vehicle.

Within the Warranty Period Toyota will repair or replace at any of its Toyota Authorised Service Centres and at its discretion, any original equipment Toyota components found to be defective under normal use and operation in Australia.

## Corrosion Perforation Warranty\*

You have peace of mind that your new Toyota is constructed to resist rust and corrosion. Any corrosion perforation (rust through) of any original body panel, will be repaired or replaced within the Corrosion Perforation Warranty period of 5 years, except for deck panels of Utility vehicles which are covered for a period of 3 years and in the instances listed under What Is Not Covered By Your Toyota New Vehicle Warranty in this Section.

For information on how to protect your Toyota from corrosion, see Corrosion Prevention and Appearance Care in the Owner's Manual.

## Accessory Warranties

All Toyota Genuine Accessories purchased and fitted to a Toyota are warranted for the remainder of the New Vehicle Warranty or 12 months, whichever is greater. Toyota Genuine Accessories purchased from an authorised Toyota Dealer over the counter are warranted from the date of purchase for one year. Conditions apply\*.

Approved parts and accessories supplied by Toyota have different warranty periods depending upon the product. Conditions apply\*.

See the Warranty page on **www.toyota.com.au** for details.

\* These warranties do not limit and may not necessarily exceed your rights under the Competition and Consumer Act 2010.

# Toyota New Vehicle Warranty

## What is Covered by Your Toyota New Vehicle Warranty

### ***The Difference Between a Warranty Repair and a Maintenance Service***

A Warranty Repair is a repair performed during the Warranty Period to rectify any problem caused by faulty materials and/or workmanship at the time of new vehicle manufacture. It is normally free of charge.

Maintenance Services are the all-important regular inspections, adjustments and tune-ups. A service includes inspections, checks, changes of oils and fluids, and the replacement of normal wearing parts due to accumulated time or distance. These are competitively priced by your Toyota Authorised Service Centre.

### ***Towing the Vehicle***

If during the Warranty Period a warranted part fails, and your vehicle has broken down or is unsafe to drive, towing of your vehicle to the nearest Toyota Authorised Service Centre is covered under the warranty. For further information, see Helpful Questions and Answers in this Section.

### ***Battery***

A defective original equipment battery will be replaced with a comparable replacement free of charge during the first 12 months of service, regardless of kilometres travelled. If the battery is found to be defective during the second 12 months of service, 50% of the replacement cost will be covered by the warranty.

### ***LPG (Liquefied Petroleum Gas) - Where Fitted to Petrol Engine Models Only***

Note that LPG applies to petrol engine models only. Diesel engine vehicles cannot be converted to LPG.

Not all Toyota engines are certified for conversion to LPG, please contact your Service Advisor at your Toyota Authorised Service Centre for more information on LPG conversion.

If your vehicle is fitted with the Toyota Approved LPG System on an LPG Compatible Engine at the time of new vehicle purchase then the LPG system is provided with the full 3 years or 100,000 kilometre warranty\* - the same as the vehicle. If the system is fitted after purchase, the warranty applies for the remainder of the new vehicle warranty or for 12 months, whichever is longer. Where a Toyota Approved LPG System is fitted on an LPG Compatible Engine, the engine is fully covered by your Toyota New Vehicle Warranty.

Where a Toyota Approved LPG System is fitted on an engine not certified by Toyota as LPG Compatible, damage caused to the vehicle by the LPG system is not covered by your Toyota New Vehicle Warranty.

Your Toyota New Vehicle Warranty may be affected where a non-Toyota Approved LPG System is fitted. Speak to the Service Advisor at your Toyota Authorised Service Centre for advice on the best system to suit your vehicle.

\* *Toyota warranties do not limit and may not necessarily exceed your rights under the Competition and Consumer Act 2010.*

# Toyota New Vehicle Warranty

## Paint Defect and Surface Rust

Any surface rust or paint defects appearing on painted body panels under normal use will also be covered by the Warranty Period except for deck panels of Utility vehicles.

Deck panels for Utility vehicles will be covered by a Warranty Period of 1 year or 20,000 kilometres whichever occurs first.

For information on how to protect your Toyota from corrosion, see Corrosion Prevention and Appearance Care in the Owner's Manual.

## What is Not Covered by Your Toyota New Vehicle Warranty\*

- Tyres are not covered by the Toyota New Vehicle Warranty but by the tyre manufacturer's warranty. This does not mean you are deprived of any statutory rights in respect of these items. Your Toyota Authorised Service Centre will be able to help you if you have any questions on tyre warranty.
- Repairs and service adjustments required due to vehicle misuse or negligence are not covered. Misuse and negligence includes the following:
  - Formal or informal competitive events, such as racing.
  - Off-road use where the vehicle is not designed or marketed for that purpose.
  - Water ingress from floods or deep water fording.
  - Overloading - permissible loads are covered in the vehicle owner's manual.
  - Improper adjustment, repair, tampering or modifications by a non-Toyota repairer.
  - Accident damage.
  - Lack of proper care or attention as defined in the vehicle manuals and instructions.
- Defects caused by the fitment of non-Toyota-approved parts, accessories, add-on parts, improper or lack of maintenance are not covered.
- Scratches or surface rust caused by normal wear and tear, such as stone, or other chips, in the paint are not covered.
- Damage or breakage of the windscreen or glass caused by normal wear and tear, such as stone impacts are not covered.
- Environmental damage, such as hailstones, windstorms, flooding, fire, lightning or airborne fallout (chemicals, tree sap, bird and insect droppings, etc.) are not covered.
- Incidentals such as phone calls, car rental charges, hotel bills, inconvenience or commercial loss are not covered.
- Damage caused by improper or lack of maintenance, or the use of fuels, oils, lubricants, coolants or fluids other than those specified in the Owner's Manual are not covered.

# Toyota New Vehicle Warranty

- Normal wear and tear components including but not limited to; Engine tune-ups, lubrication, replacement of expendable parts such as filters, coolant, spark plugs, fuses, wiper blades, brake discs, brake drums, brake pads and brake shoes are not considered warrantable items where replacement is in line with operational maintenance.
- Normal noise, vibration, wear and tear, and deterioration such as discolouration, flaking, deformation or blur are not covered.
- Fitment of an LPG system could affect your Toyota New Vehicle Warranty. Please refer to What Is Covered By Your Toyota New Vehicle Warranty in this Section. For more information on LPG conversions speak to the Service Advisor at your Toyota Authorised Service Centre for advice on the best system to suit your vehicle.
- Petrol engines: Damage caused by the use of fuels with an Ethanol content greater than 10% (E10).
- Diesel engines: Damage caused by the use of biodiesel fuels greater than 5% (B5) and not conforming to the national diesel fuel standard EN590.

**Additional note:**

Toyota recommends that you only use high-quality fuels from commercially available sources whether diesel, biodiesel or petrol. Fuel manufacturers take great care to deliver products that meet the required fuel standards. Vehicle damage that results from using substandard, non-approved or privately blended fuels is not covered.

\* *Toyota warranties do not limit and may not necessarily exceed your rights under the Competition and Consumer Act 2010.*

# Helpful Questions and Answers

## Helpful Questions and Answers

### ***What should I do if there are any concerns with my new Toyota following delivery?***

Because your vehicle is rigorously checked before it is delivered to you, it is highly unlikely you will find any problems with your new Toyota. However, should you have any concerns or questions regarding your new vehicle, bring it into any Toyota Authorised Service Centre for a Complimentary Inspection, the coupon is located in the front of this book.

### ***Does my new Toyota need an oil change during the break-in period?***

Your new Toyota is manufactured to precision tolerances and is rigorously checked and filled with high quality lubricants at the factory. As such the oil and filter will be changed at the first scheduled maintenance service, refer to the Maintenance Schedule in Section 2 of this book.

### ***When do I get my Toyota serviced, and how do I arrange it?***

Your Toyota should be serviced according to the Maintenance Schedule in Section 2 of this book. Additional Service Requirements apply for vehicles driven in harsh conditions or often used for towing heavy loads. The additional requirements are also described in Section 2 of this book. The Service Advisor at your Toyota Authorised Service Centre can best advise you on the maintenance requirements to suit your driving conditions.

### ***Why is time just as important as kilometres for servicing?***

If you only drive short distances then you should service your vehicle according to time intervals rather than kilometres travelled. In other words, don't wait months to get your car serviced just because you haven't travelled the required kilometres. Waiting can cause all sorts of problems. Harsh driving conditions such as driving on dusty roads, towing or repeated short journeys such as going to the shops, dropping the kids at school, and quick work trips are some of the hardest forms of work an engine can endure, so regular servicing is vital. For more details see the Maintenance Schedule in Section 2 of this book.

### ***Who should service my Toyota?***

One of over 290 Toyota Authorised Service Centres, that's who. After all, every Toyota Authorised Service Centre offers specialist Toyota Trained Technicians who work on Toyotas day in and day out. They understand what makes your Toyota 'tick', delivering quick and accurate diagnosis of your vehicle's health. Toyota Authorised Service Centres have access to the latest diagnostic equipment and specialist service tools along with receiving regular updates from Toyota. And because Toyota Authorised Service Centres only use Toyota Genuine Parts which are covered by a 12 month warranty\*, you'll keep your Toyota, and your warranty, in far better condition. Not to forget that a full service history from a Toyota Authorised Service Centre may also enhance the resale value of your vehicle.

\* All Toyota Genuine Parts carry a 12 month Toyota Warranty. Conditions apply. The Toyota Genuine Parts Warranty does not limit and may not necessarily exceed your rights under the Competition and Consumer Act 2010.

## Helpful Questions and Answers

### **Who is the best person to talk to at the Toyota Authorised Service Centre?**

Talk to your Service Advisor or Guest Experience Manager at your Toyota Authorised Service Centre. If they're unable to assist, ask to speak with the Service Manager.

### **Isn't Toyota servicing more expensive?**

The simple answer is no. After all, you'll probably be entitled to Toyota Service Advantage\* (TSA) where you pay the same low price from one logbook service to the next so you know in advance what you'll be paying for the period of TSA coverage. Even after Toyota Service Advantage, you'll still enjoy value for money servicing and repairs at any Toyota Authorised Service Centre in Australia.

\* *Maximum payable for standard scheduled servicing (normal operating conditions) for the period of TSA coverage. Excludes Government and Rental vehicles. Contact your Toyota Dealer or go to [toyota.com.au/advantage](http://toyota.com.au/advantage) for eligibility and other exclusions.*

### **How do I know how much a service will cost after the Toyota Service Advantage period?**

Having your vehicle serviced, shouldn't come with any surprises. That's why with Toyota Service Guarantee you can have the certainty and peace of mind knowing what's included in each and every service with no unexpected costs, at participating Dealers. You can calculate your service price by going to:

**[www.toyota.com.au/owners/service/service-pricing](http://www.toyota.com.au/owners/service/service-pricing)**

### **If I have any problems with my Toyota during the Warranty Period, what is the best way of getting my Toyota repaired?**

Your Toyota New Vehicle Warranty provides comprehensive security against any unlikely faults in your new Toyota. However, if you need repairs, don't hesitate to call your Toyota Authorised Service Centre. Every Toyota Authorised Service Centre is committed to providing any Warranty Repairs you may need.

### **Does towing a caravan or trailer impact on my Toyota New Vehicle Warranty?**

Your Toyota is engineered to deliver excellent towing performance.

So naturally, towing a caravan or trailer is covered by the Toyota New Vehicle Warranty as long as you follow some basic procedures and don't overload your vehicle. The safest way to tow anything is to have your Toyota Authorised Service Centre fit Toyota Genuine towing equipment and be a cautious, considerate driver. Remember, towing a caravan or trailer can have an adverse effect on the stability, safety, durability and operating economy of your vehicle.

### **If my vehicle is off the road being repaired, are out of pocket expenses such as accommodation, travel or commercial loss included in the Toyota New Vehicle Warranty?\***

The Toyota New Vehicle Warranty covers repairs or replacement of parts that are defective in materials or workmanship at the Toyota Authorised Service Centre premises. It does not cover claims for compensation.

\* *Toyota warranties do not limit and may not necessarily exceed your rights under the Competition and Consumer Act 2010.*

## Helpful Questions and Answers

### ***What costs are not covered by the Toyota New Vehicle Warranty?***

The costs of regular maintenance servicing are not part of the Warranty. Please see What Is Not Covered By Your Toyota New Vehicle Warranty in this Section of this book.

### ***What happens to the Toyota New Vehicle Warranty if I modify my vehicle?***

The Toyota New Vehicle Warranty will continue to apply to original components of the vehicle providing they have not been altered or adjusted in any way. Also, the Toyota New Vehicle Warranty will continue to apply if your vehicle is fitted with Toyota Genuine Parts and Accessories approved for your model. Any modifications or damage resulting from the modifications to your vehicle are not covered by your Toyota new vehicle warranty. For further information refer to What Is Covered By Your Toyota New Vehicle Warranty in this Section of this book.

### ***Are tyres covered by the Toyota New Vehicle Warranty?\****

Tyres are covered by the tyre manufacturer's warranty. See What Is Not Covered By Your Toyota New Vehicle Warranty in this Section.

\* *Toyota warranties do not limit and may not necessarily exceed your rights under the Competition and Consumer Act 2010.*

### ***I've just taken ownership of a used Toyota. What do I do?***

Firstly, take your vehicle to a Toyota Authorised Service Centre to give it a comprehensive safety check. That way any potential problems can be rectified immediately. Then simply keep your vehicle serviced according to the Maintenance Schedule in this book.

Please ensure that you provide updated ownership information to Toyota Motor Corporation Australia. By updating your details with Toyota, we will be able to alert you promptly should the need arise.

### ***Where do I go for service after the Warranty Period expires?***

If you've had your Toyota serviced by your Toyota Authorised Service Centre for the length of its warranty you'll no doubt find it's in excellent condition. So why would you risk going elsewhere now.

### ***If I don't drive many kilometres, why should I service my vehicle by time?***

Regular maintenance is vital in maintaining the high level of performance and reliability that you expect from your vehicle. Over time the fluids and oils in your vehicle lose their ability to protect your vehicle components from failure.

Therefore your service intervals are for a given time or distance, whichever occurs first.

### ***If I leave a long time between services, will this impact my Toyota New Vehicle Warranty?***

You must service your vehicle according to the Maintenance Schedule in Section 2 of this book. Your Toyota New Vehicle Warranty does not cover damage caused by inadequate maintenance.

## Helpful Questions and Answers

### ***If I have an accident, is my vehicle covered by the Toyota New Vehicle Warranty?***

Unless the accident is caused by the failure of a warranted part, your vehicle is not covered.

### ***What if I'm travelling and need a service or repair?***

There are more than 290 Toyota Authorised Service Centres around Australia, all of which are authorised to carry out servicing, general maintenance and unexpected repairs for you. You'll enjoy exactly the same great experience as you would at your regular Toyota Authorised Service Centre and be back on the road as soon as is physically possible. Better still, many of our Toyota Authorised Service Centres also offer a range of One-Stop-Shop products such as tyres, batteries, lubricants and fluids.

### ***What about using fuel containing Ethanol?***

Toyota approves the use of petrol with an Ethanol content up to the limit of 10%. Your Toyota new vehicle warranty will not cover failures or faults due to operation on fuels with an Ethanol content greater than 10%.

It should be noted when using fuels containing Ethanol, as the calorific value for Ethanol is lower than petrol, fuel consumption may increase marginally.

### ***What about using biodiesel fuels?***

Toyota will endorse biodiesel fuel blends using FAME (Fatty Acid Methyl Esters that comply with either EN14214 or ASTM D6751 standards) of up to 5% volume concentration when mixed with conventional diesel fuel. The final product B5 (5% Biodiesel blend) at the pump must conform to the national Diesel Fuel Standard which is based on EN590.

Your Toyota new vehicle warranty will not cover failures or faults due to operation on biodiesel fuels greater than a 5% (B5) blend.

### ***Can my Toyota be converted to run on LPG? (Petrol Engine Models Only)***

Refer to What Is Covered By Your Toyota New Vehicle Warranty in this Section of this book for more information on LPG conversions.

### ***Should I use additional fluid additives like oil, coolant and fuel enhancers?***

Your Toyota is engineered to perform at its best with Toyota Genuine Lubricants and Fluids. Use of further additives is not recommended by Toyota.

### ***If I have an accident can my insurance company insist on the repairer I use?***

In the event that you are involved in an accident and your Toyota needs repairs, we recommend that you contact your insurer and insist that your vehicle is repaired to Toyota specifications using only Toyota Genuine Parts and Panels that are engineered to perfectly fit and perform in the same manner as your new vehicle was originally designed to. Your Toyota Dealer can advise you on the location and availability of an authorised Toyota Body and Paint repairer who can conduct repairs according to Toyota's exacting specifications.

## Why choose Toyota Insurance?

Toyota Insurance is designed to meet the needs of Toyota vehicles and customers. It comes with a range of advantages, not to mention the quality and value you'd expect from Toyota. Quite simply, nothing protects your Toyota better than Toyota Insurance.

### Toyota Insurance Benefits:\*

- Quality Repairs with Toyota Genuine Parts
- A Lifetime Repair Guarantee on repairs authorised by Toyota Insurance
- A new vehicle replacement following a total loss for vehicles up to 3 years old
- Agreed value cover
- Rental car for up to 21 days if your vehicle is stolen
- Taxi and vehicle transport cover following an accident
- To find out more visit [www.toyota.com.au/insurance](http://www.toyota.com.au/insurance) or call **1300 880 182**
- To make a claim, call our friendly claims service on **1300 658 027**

\* *Terms and conditions apply. This advice is general in nature and does not take into account your objectives, financial situation or needs. Before making a decision to purchase any of the insurance products you should consider the appropriateness of the advice taking into account your own objectives, financial situations and needs and refer to the current PDS from participating Dealers, via our website at [toyotainsurance.com.au](http://toyotainsurance.com.au) or by calling 137 200. Toyota Insurance is issued by Toyota Finance Australia Limited ABN 48 002 435 181. The Insurer is Aioi Nissay Dowa Insurance Company Australia Pty Ltd. ABN 11 132 524 282, AFSL 443540 (Adica).*

# Maintenance of your Toyota

## Maintenance of Your Toyota

### Things You Can Do When You Refuel

The best way to ensure years of trouble-free motoring is to develop a habit of regularly checking under the bonnet and around your Toyota. It only takes a few minutes when you're getting petrol, and early detection could save you a lot of money. If you're unsure how to carry out these checks, see your Owner's Manual or ask a Service Advisor at your Toyota Authorised Service Centre for a demonstration at your next service.

- Check engine oil, (ensure engine is hot, wait 5 minutes for an accurate reading).
- Check engine coolant, brake, clutch and windscreen washer fluid levels.
- Check tyre pressure including spare (when cold).
- You should walk around your vehicle checking that all the lights, indicators and horn are operating correctly.
- Operate the air conditioner for at least 5 minutes per week to keep the system in optimum condition.

### IMPORTANT NOTICE

To maintain the protection and efficiency of the cooling system, the Toyota Super Long Life Coolant must not be mixed with any other coolant or additive.

Use premixed genuine Toyota Super Long Life Coolant to fill the cooling system. Do not use alcohol type antifreeze or plain water alone.

### Regular Toyota Authorised Service Centre Checks

In addition to the maintenance items listed for each service, your Toyota Authorised Service Centre will regularly check the operation of key systems. To ensure the continued efficiency and reliability of your vehicle to suit your particular driving conditions, your Toyota Authorised Service Centre may recommend additional maintenance such as:

- Replacement of worn wiper blades
- Brake system inspections
- Headlight realignments
- Valve clearance adjustments
- Testing and re-gassing air conditioning

# Maintenance of your Toyota

## How to Calculate the Correct Service Intervals

Regular servicing of your Toyota is critical to its performance, longevity, resale value and your safety. Determining the optimum service intervals for your vehicle is easy. Dependent upon your driving habit, you should be servicing based either on time or kilometres.

If for example you drive approximately 10,000 km or less in 6 months, you should be servicing your Toyota in accordance with the 6 month time interval expressed in this book. If on the other hand, you drive more than 10,000 km per 6 months, you should service according to the 10,000 km intervals. If you're confused in any way just talk to your Toyota Service Advisor about the type of schedule best suited to your driving habits.

## Wheel Alignment

Abnormal or uneven tyre wear may be noted by your Toyota Authorised Service Centre during your regular maintenance service. This may be caused by your operating environment. Your Toyota Authorised Service Centre will suggest a wheel alignment check (and correction if necessary) to prevent further deterioration to your vehicle's tyres. This will be a chargeable service.

## Additional Service Requirements

How and where you drive your Toyota determines the service requirements as much as the time or distance travelled. For example, if you are regularly towing heavy loads or driving in rough conditions, then more frequent maintenance is necessary, refer to Additional Service Requirements in this Section. The Service Advisor at your Toyota Authorised Service Centre can best advise you on the maintenance requirements, to suit your driving conditions.

## Break-in Period Oil Change

Your new Toyota is manufactured to precision tolerances and rigorously checked and filled with high quality lubricants at the factory; as such the oil and filter does not need to be changed until the first scheduled service.

## Oil Thickening

Oil thickening is a phenomenon which occurs when particles of unburnt fuel and combustion by-products cause a build-up of carbon (soot) in the engine oil forming a jelly type substance. It can cause serious engine damage through oil starvation. It is essential that the engine oil is changed according to the Maintenance Schedule in this Section, at either the time or distance specified.

### UNDERSTANDING YOUR TOYOTA MAINTENANCE SCHEDULE

Here is a guide to the codes defining what type of maintenance needs to be performed at each scheduled service. You'll find these marked on Maintenance Schedule pages.

C = Clean	I = Inspect, correct or adjust as necessary
R = Replace	T = Tighten

## Toyota Maintenance Schedule

## MAINTENANCE SCHEDULE

(Months or odometer reading whichever occurs first)

	6 months	12 months	18 months	24 months	30 months	36 months	42 months	48 months	54 months	60 months	66 months	72 months	78 months	84 months	90 months	96 months	102 months	108 months	114 months	120 months

<sup>1</sup> Inspect the condition of the radiator and condenser. Check that they are not damaged or blocked with leaves, dirt, or insects. Inspect the hoses and connections for installation condition and corrosion.

<sup>2</sup> Replace the engine coolant initially at 96 months or 160,000 km (whichever occurs first), then every 48 months or 80,000 km (whichever occurs first). Use Genuine Toyota Super Long Life Coolant (SLLC) or a similar high quality ethylene glycol based non-silicate, non-amine, non-nitrite, and non-borate coolant with long-life hybrid organic acid technology. (Coolant with long-life hybrid organic acid technology consists of the combination of low phosphates and organic acids.)

# Additional Service Requirements

## Additional Service Requirements

How and where you drive your Toyota determines the service requirements as much as the time or distance travelled. For example, if you are regularly towing heavy loads or driving in rough conditions, then more regular maintenance is necessary. Discuss the typical sort of driving you'll be doing with your Toyota Service Advisor, they will advise how best to maintain your vehicle to keep it performing at its best.

If you consistently put your vehicle through extreme conditions or drive in harsh environments, then your vehicle will require the extra maintenance as described in Additional Service Schedule.

***These conditions could include any or all of the following:***

- Driving on rough, muddy or snow-melted roads
- Driving on dusty roads
- Towing trailers, caravans or boats, or using a car top carrier
- Repeated short trips, less than 8 kilometres, in freezing conditions.
- Extensive idling and or low speed driving for long distance, such as taxis, couriers, etc.
- Continuous high speed driving (at speeds greater than 140 km/h) for over 2 hours.
- Using fuel from non-commercial supplies / storage.

# Additional Maintenance Service Schedule

## ADDITIONAL MAINTENANCE SCHEDULE

	months		3	6	9	12	15	18	21	24	27	30	33	36	39	42	45	48	51	54	57	60
