### **IMPORTANT NOTICE**

In the event that we need to contact you about your Toyota, please notify us if there is any change to name, address or ownership. Contact the Toyota Guest Experience Centre on Freecall **1800 869 682** or visit the Toyota Owner's Portal: **www.toyota.com.au/mytoyota** to update the ownership information of your vehicle. ) Toyota Service Advantage

### A Great Service, Even Better Value

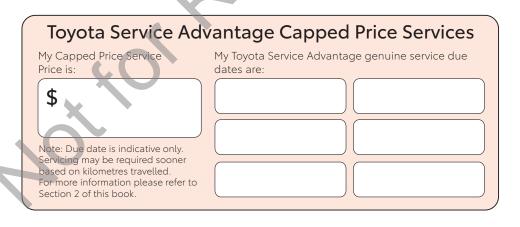

With Toyota Service Advantage (TSA) you're always in safe hands knowing in advance what your service costs will be. You can rest easy because your vehicle will be serviced by Toyota Trained Technicians who know your car inside out and use the most advanced diagnostic equipment along with Toyota Genuine Parts.

### Call 1800 Toyota (869 682) for your nearest Toyota Dealer or visit toyota.com.au

Toyota Service Advantage makes owning a Toyota so much easier because you pay the same low price from one standard scheduled service to the next. So rather than receiving unwelcome surprises, you know in advance what your servicing costs will be for the period of TSA coverage<sup>#</sup>.

To confirm your vehicle's eligibility for Toyota Service Advantage visit **toyota.com.au/advantage.** You will be able to confirm your vehicle's capped price service costs and the number of services covered. Please keep in mind that each Toyota Service Advantage service has a time / km limit for its redemption.

# Maximum payable for standard scheduled servicing (normal operating conditions) for the period of TSA coverage. Excludes Government and Rental vehicles. Contact your Toyota Dealer or go to toyota.com.au/advantage for other exclusions and eligibility.

To ensure that your new Toyota is delivered to you in top condition, and that you are familiar with your new vehicle and matters relating to it, the following factory approved pre-delivery service has been performed.

	Inspect vehicle exterior		Supply fuel
	Inspect vehicle interior		Complete vehicle documentation, including 'New Vehicle Information
	Download and install ToyotaLink (if equipped)		Statement' on the inside front cover of this book
	Inspect under hood		Review vehicle Owner's Manuals
	Inspect luggage compartment		Explain vehicle service requirement
	Inspect under vehicle (on hoist)		Demonstrate features and accessories
	Road test		Explain operation of Dealership Service and Parts Departments, including
	Final inspection	5	contact names, business hours, etc.
Youi	rs sincerely,	5

If your name or address has changed or you are the new owner of this Toyota, please contact the Toyota Guest Experience Centre on Freecall **1800 869 682** or visit the Toyota Owner's Portal: **www.toyota.com.au/mytoyota** to update the ownership information of your vehicle.

This will allow Toyota to make a record of your ownership of the vehicle, and to contact you with any important product or safety updates concerning your vehicle.

Toyota may provide your details to a mailing house for the purposes set out above. Please see the Privacy Statement at the front of this book for further information about Toyota and privacy.

### **Important Notice**

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Toyota's services (if any) come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled: (a) to cancel your service contract (if any) with Toyota; and (b) to a refund for the unused portion, or to compensation for its reduced value, for a major failure with any service provided. If a failure with the service (if any) does not amount to a major failure, you are entitled to have the failure rectified in a reasonable time. If this is not done you are entitled to a refund for the goods and to cancel the contract for the service (if any) and obtain a refund of any unused portion. You are also entitled to be compensated for any other reasonably foreseeable loss or damage from a failure in the goods or service.

The Toyota Warranty Advantage, other applicable Toyota warranties and nothing in this Warranty and Service Book limit the Australian Consumer Law statutory consumer guarantees in any way. In some circumstances your rights under the Australian Consumer Law statutory consumer guarantees may be greater than your rights under the Toyota Warranty Advantage or other applicable Toyota warranty, in which case Toyota will always honour your rights under the Australian Consumer Law statutory consumer guarantees.

### **Toyota and Privacy**

Toyota is committed to protecting your privacy and is required to comply with the Australian Privacy Principles in the Privacy Act 1988 (Cth) when it collects and handles your personal information. This includes providing you with the right to access and correct your personal information (subject to some exceptions allowed by law).

For further information about Toyota and privacy, please see the Toyota Privacy Policy, available at **www.toyota.com.au.** You can also contact us by calling **1800 Toyota (869 682)**, or by sending your query to:

Toyota Privacy Contact P.O. Box 5428 Chatswood West, NSW 1515 ©2021 Toyota Motor Corporation Australia Limited ABN 64 009 686 097

### Disclaimer

All information in this book is current at the time of printing. However, because of Toyota's policy of continual improvement, we reserve the right to make changes at any time without notice. All rights reserved. To the extent permitted by law, Toyota Australia will not be liable for any damage, loss or expense incurred as a result of reliance upon the information contained in this book. This material may not be reproduced or copied, in part or whole, without the written permission of Toyota Motor Corporation Australia Limited.

This book explains the warranty and service of all factory installed equipment and options. Due to specification differences among models, you may find that some information may not be applicable to your vehicle. If you have any questions or concerns, please contact your Toyota Authorised Service Centre, they'll be glad to help you.

### Congratulations on purchasing your new Toyota

No matter whether this is your first Toyota or you have previously owned a Toyota, you're sure to appreciate the safety, economy and superb engineering of your new vehicle.

In this Warranty and Service Book you'll find all the information you need to ensure your vehicle is maintained in the best possible condition. You'll also find an explanation of everything covered by your Toyota Warranty Advantage (see pages 6-10 in this Section and Important Notice on page 2 in this Section).

This Warranty and Service Book is also your vehicle's service record.

Nothing helps the resale value of your vehicle like a complete service history from your Toyota Authonised Service Centre. It demonstrates to any potential buyer that you've taken care of the vehicle, making it an invaluable asset for negotiating the best possible resale price. We suggest you keep this book in the glove compartment of your vehicle so it can be easily stamped at every service.

Please take the time to read this Warranty and Service Book and, if you have any questions, contact your Toyota Authorised Service Centre. Happy motoring and thank you for choosing Toyota.

### Locating your nearest Toyota Authorised Service Centre

To locate your nearest Toyota Authorised Service Centre, you can:

1. Call the Toyota Guest Experience Centre on Freecall 1800 869 682

and follow the prompts.

Or

2. Use the Dealer Locator tool in the Find a Dealer link on the Toyota Australia Website:

### www.toyota.com.au/find-a-dealer

Or

3. Scan the QR Code\* below with your smart phone or tablet to view the **find-a-dealer** tool:

\* QR code App required

### Designed For the Health of Your Toyota

Your Toyota Authorised Service Centre plays an integral role in the enjoyment of your new Toyota. Here you'll find all the expertise you could hope for to ensure your vehicle remains in excellent condition and to assist in years of trouble-free motoring. Your Service Centre can also help with repairs, products such as tyres, Toyota Genuine lubricants, fluids and batteries and, of course, Toyota Genuine Accessories.

Better still, you can use any Toyota Authorised Service Centre in Australia which means that with over 290 Centres Australia-wide, you're never far from a helping hand. If you have any questions don't hesitate to contact any one of them.

### Nobody Knows Your Toyota Like Toyota

Toyota Trained Technicians work on Toyotas day in and day out. They also use highly advanced diagnostic equipment and specialised tools and receive ongoing training and regular updates from Toyota to ensure they can keep your Toyota at its very best.

Naturally, your Toyota Authorised Service Centre only uses Toyota Genuine Parts that are manufactured to Toyota's exacting standards\*.

### Yet Another Helping Hand - Toyota Guest Experience Centre

Should you ever need further assistance, call the Toyota Guest Experience Centre. Our Advisors can help you with information on our products, Toyota Authorised Service Centres, the maintenance of your vehicle and any other questions you may have.

Freecall 1800 Toyota (869 682)

If you'd prefer to write, our address is:

Toyota Guest Experience Centre

G.P.O. Box 2006S

Melbourne, VIC 3001

### www.toyota.com.au

Please include your vehicle's details, which you'll find inside the front cover of this book.

\* Toyota Genuine Parts purchased from and fitted by a Toyota Dealer during the Toyota Warranty Advantage period are warranted for the remainder of the applicable Toyota Warranty Advantage period (see page 1-6) or 2 years (whichever is greater). Conditions apply. The Toyota Genuine Parts Warranty does not limit and may not necessarily exceed your rights under the Australian Consumer Law statutory consumer guarantees.

### **Toyota Warranty Advantage**

Toyota has designed and manufactured your new Toyota vehicle to provide trouble free motoring subject to it being properly maintained, used for its intended purpose, unmodified and treated with care.

If your new Toyota is defective, we will refund, repair or replace your vehicle, at our discretion, under the Toyota Warranty Advantage, on the terms and conditions below.

The Toyota Warranty Advantage applies to all new Toyota vehicles delivered in Australia by a Toyota Dealer from 1st January, 2019. The Toyota Warranty Advantage is in addition to your rights under the Australian Consumer Law statutory consumer quarantees.

The standard Toyota Warranty Advantage period for your new vehicle is 5 years with unlimited kilometres\* and, if your vehicle is properly maintained, up to 7 Years Engine and Driveline and up to 10 years Hybrid Battery with unlimited kilometres\* - subject to further terms and conditions in this document.

MIN	5
Y	EARS

### 60-day money back guarantee

For any failure that prevents the vehicle being driveable, and for any failure which has had multiple unsuccessful repair attempts, within 60 days of collecting your new vehicle.

### We'll keep you mobile

If a defect covered by the Toyota Warranty Advantage causes your vehicle to be undriveable, towing to the nearest Toyota Dealer and a loan car is covered.

### Keep it serviced, Keep it covered

Extended coverage up to 7 years with unlimited kilometres\* on Engine and Driveline (including Hybrid system) if your vehicle is properly serviced and maintained as per the vehicle's Warranty and Service Book.

### Hybrid Health Check

Extend your coverage each year for up to 10 years on Hybrid Batteries\* with an annual hybrid health check inspection according to Toyota specifications, your Toyota Dealer can assist.

VFARS

### Your Rights under the Statutory Consumer Guarantees

We will always honour your rights under the Australian Consumer Law which may in some circumstances exceed your rights under the Toyota Warranty Advantage. See further details on page 1-8.

\*These periods do not apply to vehicles used for commercial applications (see details on page 1-7).

### \*Commercial Application

For vehicles used for commercial applications, such as taxis, hire vehicles and vehicles transporting people or goods for payment (including on a part-time or casual basis), the Toyota Warranty Advantage will be as set out on page 1-8 but subject to a maximum of 5 years or 160,000 km whichever occurs first except for perforation (rust through panels) which is as set out on page 1-8. The extended coverage described in the table on page 1-8 is not available for vehicles used in commercial applications. However, your rights under the Australian Consumer Law statutory consumer guarantees may still apply, and may exceed your rights under the Toyota Warranty Advantage.

### **Terms and Conditions**

Certain other terms and conditions apply to the Toyota Warranty Advantage. Please refer to pages 1-9 and 1-10 for details.

### **Technical Information and Enquiries**

Toyota Dealers have Toyota-trained Technical Staff and are your first point of contact for all matters relating to your Toyota vehicle. For a full list of Toyota Dealers please refer to the Find a Dealer link on the Toyota Australia website **https://www.toyota.com.au/find-a-dealer** or scan the QR code on page 1-4 with your smart phone or tablet to view the **find-a-dealer** tool.

Certain Technical information and Service Bulletins are available from the Toyota Service and Repair Manual website **https://toyotamanuals.com.au**/

### **Further assistance**

Should you require further assistance that your Toyota Dealer is unable to provide, please call, email or mail the Toyota Guest Experience Centre where our Advisors can assist with your enquiry and provide a response.

Towing and Loan Vehicle <sup>4</sup>	5 years / unlimited kms	+2 years / unlimited kms	
Maintenance Items (Normal wear & tear)	No coverage where replacement is part of the genera maintenance reasonably expected to be required fo your vehicle		
*Coverage on commercial usage vehicle	es is a maximum of 5 years / 160,000	) kms (whichever occurs first).	

### Notes:

- 1 Toyota Warranty Advantage period begins on the day the Vehicle is registered by the Dealer and guest takes delivery of the Vehicle. If the Vehicle is an ex-demonstrator vehicle, the Toyota Warranty Advantage period commences when the vehicle is registered by the Dealer and put into service as a demonstrator vehicle. A guest is entitled to the balance of the Toyota Warranty Advantage period (except in Western Australia). In Western Australia, the warranty period begins from the purchase date, but kilometres are counted from when the vehicle is put into service as a demonstrator vehicle. The 60-day money back guarantee begins on delivery of the vehicle to a Guest, including for an ex-demonstrator.
- 2 Dealers will review any claims made outside of the applicable Toyota Warranty Advantage period in conjunction with Toyota Australia.
- All Toyota genuine parts / accessories purchased and fitted to a Toyota vehicle by a Toyota Dealer are warranted for the remainder of the Toyota Warranty Advantage period (unlimited kilometres) or for 2 years (unlimited kilometres) from installation, whichever is greater. Toyota genuine parts / accessories purchased from an authorised Toyota Dealer over the counter and not fitted by an authorised Toyota Dealer, carry a Toyota Warranty Advantage period of 2 years / unlimited kilometres.
- 4 If a Vehicle has broken down due to a failure covered by the Toyota Warranty Advantage, towing to the nearest Toyota Authorised Service Centre and a loan car is covered by the Toyota Warranty Advantage. If after investigation, Toyota reasonably considers the failure is not covered by the Toyota Warranty Advantage, Toyota or Dealer may seek reimbursement of these towing and loan vehicle charges (as the case may be).

### Notes (continued):

The Toyota Warranty Advantage or other applicable Toyota Warranties do not limit the Australian Consumer Law statutory consumer guarantees in any way. In some circumstances your rights under the Australian Consumer Law statutory guarantees may be greater than your rights under the Toyota Warranty Advantage or other applicable Toyota Warranty, in which case Toyota will always honour your rights under the Australian Consumer Law statutory consumer guarantees.

### **Terms and Conditions**

### Your responsibilities

You must operate, maintain and care for your Toyota properly, in accordance with the instructions in your vehicle's Owner's Manual and Warranty and Service Book.

The best way to maintain your vehicle is through a Toyota Dealer. By having your Toyota vehicle maintained at a Toyota Dealer, you'll be in safe hands knowing that your vehicle is being serviced by experts and will always be fitted with Toyota Genuine Parts. Doing so keeps your Toyota in the very best condition.

To make a claim under the Toyota Warranty Advantage, contact an authorised Toyota Dealer. If your name or address has changed or you are the new owner of this Toyota, please visit the Toyota Owner's Portal: www.toyota.com.au/owners or contact the Toyota Guest Experience Centre (see page 1-5) to update the information for your vehicle.

If for some reason the odometer is changed, please have your Toyota Authorised Service Centre verify the date of the change and kilometres travelled on the form located at the back of your vehicle's Warranty and Service Book.

### Expenses associated with claims under the Toyota Warranty Advantage

In most cases, there will be no charge to you for expenses associated with making a claim under the Toyota Warranty Advantage. If there are circumstances that mean you may need to pay a charge, the charge will be discussed with you in advance.

### Where Coverage Does Not Apply

- Failures in non-genuine parts and accessories and damage or failures caused by such failures.
- Formal or informal competitive events, such as racing.
- Off-road use where the vehicle is not designed for that purpose.
- Water ingress from floods or deep-water fording.
- Overloading permissible loads are covered in the vehicle Owner's Manual.
- Damage caused by improper adjustment, repair, tampering or modifications by a non-Toyota repairer.

- Accident damage.
- Failures that Toyota reasonably considers result from your failure to operate, ٠ maintain and care for your Toyota properly, in accordance with the instructions in your vehicle's Owner's Manual and Warranty and Service Book (including failure to complete applicable scheduled servicing and maintenance).
- Defects caused by the fitment of non-Toyota-approved parts, accessories or ٠ add-on parts, or by improper maintenance, or lack of maintenance of those parts.
- Scratches or surface rust caused by normal wear and tear, including but not ٠ limited to stone or other chips in paint.
- Damage or breakage of the windscreen or glass caused by normal wear and ٠ tear, such as stone impacts.
- Environmental damage, including but not limited to hailstones, windstorms, • flooding, fire, lightning or airborne fallout (for example, chemicals, tree sap, bird and insect droppings, etc.).
- Normal wear and tear components including but not limited to: floor mats, ٠ engine tune-ups, lubrication, replacement of expendable parts such as filters, coolant, spark plugs, fuses, wiper blades, brake discs, brake drums, brake pads, clutch linings and brake shoes. These items are not covered by the Toyota Warranty Advantage where replacement is in line with operational maintenance requirements specified in the vehicle's Warranty and Service Book or Owner's Manual.
- Normal or characteristic noise, vibration, wear and tear, and deterioration such as discolouration, flaking, deformation or blur associated with lens or glass.
- Fitment of an LPG system could affect coverage under the Toyota Warranty ٠ Advantage, speak with your Toyota Dealer for details.
- Petrol engines: damage caused by improper fuels such as the use of fuels with ٠ an Ethanol content greater than 10% (E10), or lower than recommended octane rating fuels. See your Owner's Manual for more details.
- Diesel engines: damage caused by improper fuels such as the use of biodiesel fuels greater than 5% (B5) and not conforming to the national diesel fuel standard EN590. See your Owner's Manual for more details.
- Damage caused by the fitment of non-genuine performance enhancing products including but not limited to power chips, forced induction products, suspension components. These products typically impart forces/loads greater than the original design intent and may compromise the vehicle's longevity and durability.

The Toyota Warranty Advantage is provided by Toyota Motor Corporation Australia Limited of 155 Bertie St, Port Melbourne, 3207, Victoria. Please see page 1-7 for full contact details.

### Section 1-10

### **Helpful Questions and Answers**

### What should I do if there are any concerns with my new Toyota following delivery?

Because your Toyota is rigorously checked before it is delivered to you, it is highly unlikely you will find any problems with your new Toyota. However, should you have any concerns or questions regarding your new Toyota, bring it into any Toyota Authorised Service Centre for a complimentary inspection. The coupon is located in the front of this book.

### Does my new Toyota need an oil change during the break-in period?

Your new Toyota is manufactured to precision tolerances and is rigorously checked and filled with high quality lubricants at the factory; as such the oil and filter will be changed at the first scheduled maintenance service. Refer to the Maintenance Schedule in Section 2 of this book.

### When do I get my Toyota serviced, and how do I arrange it?

Your Toyota should be serviced according to the Maintenance Schedule in Section 2 of this book. Additional service requirements apply for vehicles driven in harsh conditions or often used for towing heavy loads. The additional requirements are also described in Section 2 of this book. The Service Advisor at your Toyota Authorised Service Centre can best advise you on the maintenance requirements to suit your driving conditions.

### Why is time just as important as kilometres for servicing?

If you only drive short distances then you should service your Toyota according to time intervals rather than kilometres travelled. In other words, don't wait months to get your car serviced just because you haven't travelled the required kilometres, waiting can cause all sorts of problems. Harsh driving conditions such as driving on dusty roads, towing or repeated short journeys such as going to the shops, dropping the kids at school, and quick work trips are some of the hardest forms of work an engine can endure, so regular servicing is vital. For more details see the Maintenance Schedule in Section 2 of this book.

### What is the Hybrid Health Check?

A Hybrid Health Check is a detailed analysis performed using a special scan tool to confirm the health of your Hybrid battery and systems to ensure trouble free motoring.

### How often do I need a Hybrid Health Check?

A Hybrid Health Check is performed annually beginning from the year 5 service then each year thereafter for extended coverage under the Toyota Warranty Advantage up to 10 years (excluding vehicles used for commercial applications).

### Will I have to pay for a Hybrid health check?

There is no additional charge for a Hybrid Health Check when it is conducted as part of a routine maintenance service by a Toyota Dealer. Toyota Dealers may charge for Hybrid Health Checks performed outside of routine maintenance services.

### Who should service my Toyota?

One of over 290 Toyota Authorised Service Centres, that's who. After all, every Toyota Authorised Service Centre offers specialist Toyota Trained Technicians who work on Toyotas day in and day out. They understand what makes your Toyota 'tick', delivering quick and accurate diagnosis of your vehicle's health. Toyota Authorised Service Centres have access to the latest diagnostic equipment and specialist service tools along with receiving regular updates from Toyota. And because Toyota Authorised Service Centres only use Toyota Genuine Parts which are covered by a 2 year unlimited kilometre warranty\*, you'll keep your Toyota, and your warranty, in far better condition. Not to forget that a full service history from a Toyota Authorised Service Centre may also enhance the resale value of your vehicle.

\* All Toyota Genuine Parts carry a 2 year Toyota Warranty. Toyota Genuine Parts purchased from and fitted by a Toyota Dealer during the Toyota Warranty Advantage period are warranted for the remainder of the applicable Toyota Warranty Advantage period (see page 1-6) or 2 years (whichever is greater). Conditions apply. The Toyota Genuine Parts Warranty does not limit and may not necessarily exceed your rights under the Australian Consumer Law statutory consumer guarantees.

### Who is the best person to talk to at the Toyota Authorised Service Centre?

Talk to your Service Advisor or Customer Relations Manager at your Toyota Authorised Service Centre. If they're unable to assist, ask to speak with the Service Manager.

### Isn't Toyota servicing more expensive?

The simple answer is no. After all, you'll probably be entitled to Toyota Service Advantage (TSA) where you pay the same low price\* from one standard scheduled service to the next so you know in advance what you'll be paying for the period of TSA coverage. Even after Toyota Service Advantage, you'll still enjoy value for money servicing and repairs at any Toyota Authorised Service Centre in Australia.

\* Maximum payable for standard scheduled servicing (normal operating conditions) for the period of TSA coverage. Excludes Government and Rental vehicles. Contact your Toyota Dealer or go to toyota.com.au/advantage for eligibility and other exclusions.

### How do I know how much a service will cost after the Toyota Service Advantage period?

Having your vehicle serviced, shouldn't come with any surprises. That's why with Toyota Service Guarantee you can have the certainty and peace of mind knowing what's included in each and every service with no unexpected costs, at participating Dealers. You can calculate your service price by going to:

### www.toyota.com.au/owners/service/service-pricing

### If I have any problems with my Toyota during the Toyota Warranty Advantage Period, what is the best way of getting my Toyota repaired?

Your Toyota Warranty Advantage provides comprehensive security against any unlikely faults in your new Toyota. However, if you need repairs, don't hesitate to call your Toyota Authorised Service Centre. Every Toyota Authorised Service Centre is committed to providing any warranty repairs you may need.

### Does towing a caravan or trailer impact on my Toyota Warranty Advantage?

Check with your Toyota Dealer whether your vehicle is suitable for towing. If your vehicle is suitable for towing, then towing a caravan or trailer is covered by the Toyota Warranty Advantage as long as you follow some basic procedures and don't overload your vehicle. The safest way to tow anything is to have your Toyota Authorised Service Centre fit Toyota Genuine towing equipment, and be a cautious, considerate driver. Remember, towing a caravan or trailer can have an adverse effect on the stability, safety, durability and operating economy of your vehicle.

### If my vehicle is off the road being repaired, are out of pocket expenses such as accommodation, travel or commercial loss included in the Toyota Warranty Advantage?\*

The Toyota Warranty Advantage covers repairs or replacement of parts that are defective in materials or workmanship at the Toyota Authorised Service Centre premises. It does not cover claims for compensation.

\* The Toyota warranties do not limit and may not necessarily exceed your rights under the Australian Consumer Law statutory consumer guarantees. You may be entitled to be compensated under the Australian Consumer Law statutory consumer guarantees for foreseeable loss resulting from an issue with your vehicle. If you believe you may have such a claim, please discuss this with your Toyota Dealer.

### What costs are not covered by the Toyota Warranty Advantage?

The costs of regular maintenance servicing are not part of the Warranty. Please see What Is Not Covered By Your Toyota Warranty Advantage in this Section of this book.

### What happens to the Toyota Warranty Advantage if I modify my vehicle?

The Toyota Warranty Advantage does not cover damage caused by improper adjustment, repair, tampering or modifications by a non-Toyota repairer.

### Are tyres covered by the Toyota Warranty Advantage?\*

Tyres are not covered by the Toyota Warranty Advantage, but they are warranted by the tyre manufacturer. See your Dealer for details.

### I've just taken ownership of a used Toyota. What do I do?

Firstly, take your vehicle to a Toyota Authorised Service Centre to give it a comprehensive safety check. That way any potential problems can be rectified immediately. Then simply keep your vehicle serviced according to the Maintenance Schedule in this book.

Please ensure that you provide updated ownership information to Toyota. By updating your details with Toyota, we will be able to alert you promptly should the need arise.

### Where do I service my vehicle?

Toyota Trained Technicians work on Toyotas day in and day out. They also use highly advanced diagnostic equipment and specialised tools and receive ongoing training and regular updates from Toyota to ensure they can keep your Toyota at its very best.

Naturally, your Toyota Authorised Service Centre only uses Toyota Genuine Parts that are manufactured to Toyota's exacting standards.

### If I don't drive many kilometres, why should I service my vehicle by time?

Regular maintenance is vital in maintaining the high level of performance and reliability that you expect from your vehicle. Over time the fluids and oils in your vehicle lose their ability to protect your vehicle components from failure.

Therefore your service intervals are for a given time or distance, whichever occurs first.

### If I leave a long time between services, will this impact my Toyota Warranty Advantage?

Failures that Toyota reasonably considers result from your failure to operate, maintain and care for your Toyota properly, in accordance with the instructions in your Owner's Manual and Warranty and Service Book (including failure to complete applicable scheduled servicing and maintenance) are not covered by the Toyota Warranty Advantage.

For more information see the Maintenance Schedule in Section 2 of this book.

### If I have an accident, is my vehicle covered by the Toyota Warranty Advantage?

Unless the accident is caused by a failure that is covered by the Toyota Warranty Advantage of a warranted part, your vehicle is not covered.

### What if I'm travelling and need a service or repair?

There are more than 290 Toyota Authorised Service Centres around Australia, all of which are authorised to carry out servicing, general maintenance and unexpected repairs for you. You'll enjoy exactly the same great experience as you would at your regular Toyota Authorised Service Centre and be back on the road as soon as is physically possible. Better still, many of our Toyota Authorised Service Centres also offer a range of One-Stop-Shop products such as tyres, batteries, lubricants and fluids.

### What about using fuel containing Ethanol?

Toyota approves the use of petrol with an Ethanol content up to the limit of 10%. Your Toyota Warranty Advantage will not cover failures or faults due to operation on fuels with an Ethanol content greater than 10%.

It should be noted when using fuels containing Ethanol, as the calorific value for Ethanol is lower than petrol, fuel consumption may increase marginally.

### What about using biodiesel fuels?

Toyota will endorse biodiesel fuel blends using FAME (Fatty Acid Methyl Esters that comply with either EN14214 or ASTM D6751 standards) of up to 5% volume concentration when mixed with conventional diesel fuel. The final product B5 (5% Biodiesel blend) at the pump must conform to the national Diesel Fuel Standard which is based on EN590.

Your Toyota Warranty Advantage will not cover failures or faults due to operation on biodiesel fuels greater than a 5% (B5) blend.

### Can my Toyota be converted to run on LPG? (Petrol Engine Models Only)

Conversion to LPG may affect your Toyota Warranty Advantage. Please consult with your Toyota Authorised Service Centre for more information.

Liquefied Petroleum Gas (LPG) conversion is not recommended for Hybrid models.

### Should I use additional fluid additives like oil, coolant and fuel enhancers?

Your Toyota is engineered to perform at its best with Toyota Genuine Lubricants and Fluids. Use of further additives is not recommended by Toyota.

### If I have an accident can my insurance company insist on the repairer I use?

If you are involved in an accident and your Toyota needs repairs, we recommend that you contact your insurer and insist that your vehicle is repaired to Toyota specifications using only Toyota Genuine Parts and Panels that are engineered to perfectly fit and perform in the same manner as your new vehicle was originally designed to. Your Toyota Dealer can advise you on the location and availability of an authorised Toyota Body and Paint repairer who can conduct repairs according to Toyota's exacting specifications.

### Section 1 Toyota Insurance

### Why choose Toyota Insurance?

Toyota Insurance is designed to meet the needs of Toyota vehicles and customers. It comes with a range of advantages, not to mention the quality and value you'd expect from Toyota. Quite simply, nothing protects your Toyota better than Toyota Insurance.

### **Toyota Insurance Benefits:\***

- Quality Repairs with Toyota Genuine Parts
- A Lifetime Repair Guarantee on repairs authorised by Toyota Insurance
- A new vehicle replacement following a total loss for vehicles up to 3 years old
- Agreed value cover
- Rental car for up to 21 days if your vehicle is stolen
- Taxi and vehicle transport cover following an accident
- To find out more visit www.toyota.com.au/insurance or call 1300 880 182
- To make a claim, call our friendly claims service on 1300 658 027

Terms and conditions apply. This advice is general in nature and does not take into account your objectives, financial situation or needs. Before making a decision to purchase any of the insurance products you should consider the appropriateness of the advice taking into account your own objectives, financial situations and needs and refer to the current PDS from participating Dealers, via our website at toyotainsurance.com.au or by calling 137 200. Toyota Insurance is issued by Toyota Finance Australia Limited ABN 48 002 435 181. The Insurer is Aioi Nissay Dowa Insurance Company Australia Pty Ltd. ABN 11 132 524 282, AFSL 443540 (Adica).

### Maintenance of Your Toyota

### Things You Can Do When You Refuel

The best way to ensure years of trouble-free motoring is to develop a habit of regularly checking under the bonnet and around your Toyota. It only takes a few minutes when you refuel, and early detection could save you a lot of money. If you're unsure how to carry out these checks, see your Owner's Manual or ask a Service Advisor at your Toyota Authorised Service Centre for a demonstration at your next service.

- Check engine oil, (ensure engine is hot, wait 5 minutes for an accurate reading).
- Check engine coolant, brake, clutch and windscreen washer fluid levels.
- Check tyre pressure including spare (when cold). •
- You should walk around your vehicle checking that all the lights, indicators and • horn are operating correctly.
- Operate the air conditioner for at least 5 minutes per week to keep the system in • optimum condition.

### IMPORTANT NOTICE

To maintain the protection and efficiency of the cooling system, the Toyota Super Long Life Coolant must not be mixed with any other coolant or additive.

Use premixed genuine Toyota Super Long Life Coolant or an equivalent, reputable product to fill the cooling system. Do not use alcohol type antifreeze or plain water alone.

### Regular Checks

In addition to the maintenance items listed for each service, the operation of key systems must be regularly checked. To ensure the continued efficiency and reliability of your Toyota to suit your particular driving conditions, the additional maintenance listed below may be recommended.

- Replacement of worn wiper blades
- Testing and re-gassing air • conditioning
- Brake system inspections
- Headlight realignments

### How to Calculate the Correct Service Intervals

Regular servicing of your Toyota is critical to its performance, longevity, resale value and your safety. Failures that Toyota reasonably considers result from lack of proper care or attention as described in your Owner's Manual and instructions and this Warranty and Service Book are not covered by the Toyota Warranty Advantage, see pages 6-10 in Section 1.

Determining the optimum service intervals for your vehicle is easy. Dependent upon your driving habit, you should be servicing based either on time or kilometres.

If for example you drive approximately 10,000 km or less in 6 months, you should be servicing your Toyota in accordance with the 6 month time interval expressed in this book. If on the other hand, you drive more than 10,000 km per 6 months, you should service according to the 10,000 km intervals. If you're confused in any way just talk to your Toyota Service Advisor about the type of schedule best suited to your driving habits.

### Wheel Alignment

Abnormal or uneven tyre wear may be noted by your Toyota Authorised Service Centre during your regular maintenance service. This may be caused by your operating environment. Your Toyota Authorised Service Centre will suggest a wheel alignment check (and correction if necessary) to prevent further deterioration to your vehicle's tyres. This will be a chargeable service.

### Additional Service Requirements

How and where you drive your Toyota determines the service requirements as much as the time or distance travelled. For example, if you are regularly towing heavy loads or driving in rough conditions, then more frequent maintenance is necessary, refer to Additional Service Requirements in this Section. The Service Advisor at your Toyota Authorised Service Centre can best advise you on the maintenance requirements, to suit your driving conditions.

### Break-in Period Oil Change

Your new Toyota is manufactured to precision tolerances and rigorously checked and filled with high quality lubricants at the factory; as such the oil and filter does not need to be changed until the first scheduled service.

### Oil Thickening

Oil thickening is a phenomenon which occurs when particles of unburnt fuel and combustion by-products cause a build-up of carbon (soot) in the engine oil forming a jelly type substance. It can cause serious engine damage through oil starvation. It is essential that the engine oil is changed according to the Maintenance Schedule in this Section, at either the time or distance specified.

### UNDERSTANDING YOUR TOYOTA MAINTENANCE SCHEDULE

Here is a guide to the codes defining what type of maintenance needs to be performed at each scheduled service. You'll find these marked on Maintenance Schedule pages.

C = Clean I =	=	Inspect, correct or adjust as necessary

## **Additional Service and Maintenance Requirements**

How and where you drive your Toyota determines the service requirements as much as the time or distance travelled. For example, if you are regularly towing heavy loads or driving in rough conditions, then more regular maintenance is necessary. Discuss the typical sort of driving you'll be doing with your Toyota Service Advisor, they will advise how to maintain your vehicle to keep it performing at its best and make sure you qualify for extended coverage under the Toyota Warranty Advantage where applicable (see pages 6-10 in Section 1).

If you consistently put your vehicle through extreme conditions or drive in harsh environments, then your vehicle will require extra maintenance as described in Additional Service Schedule.

### These conditions could include any or all of the following:

- · Driving on rough, muddy or snow-melted roads
- Driving on dusty roads
- Towing trailers, caravans or boats, or using a car top carrier
- Repeated short trips, less than 8 kilometres, in freezing conditions.
- Extensive idling and or low speed driving for long distance, such as taxis, couriers, etc. (please note that specific terms and conditions apply to vehicles used for commercial application under the Toyota Warranty Advantage, and extended coverage is not available for these vehicles)
- Continuous high speed driving (at speeds greater than 140 km/h) for over 2 hours.
- Using fuel from non-commercial supplies / storage.
